

Transcript of Radio API on Code on Access to Information

Transcript of Radio Announcement in the Public Interest	
MVO :	<p>You need no guesswork to get information from the Government. The public can make requests for information under the "Code on Access to Information". Under the Government's open and transparent principle, departments will provide information to the public in accordance with the Code on Access to Information as far as possible. If the information cannot be given, an explanation will be provided. Visit www.access.gov.hk to find out more.</p>
